Ecu-Health Care provides one-to-one education, enrollment assistance and case-management for all public health programs including MassHealth and Qualified Health Plans that have been implemented under the Affordable Care Act.

Since March 18, 2020, the Families First Coronavirus Response Act has allowed MassHealth members to keep their coverage throughout the Public Health Emergency. Effective April 1, 2023, the protections will end, and MassHealth will renew all members. With more than 785,000 individuals across the state believed to be in this protected status, this redetermination process will be the single largest health coverage transition event since the first open enrollment of the Affordable Care Act and the Medicaid expansion.

The staff at Ecu-Health Care will be available to assist these members as they transition to new coverage.
